Flat screen TV's at eyelevel are a great way to show the full scope of your product without having to fit everything into your exhibition space.

We provide purpose built hanging brackets to hang your screen off the partition wall. This leaves you more floor space to work with.

WHY HIRE? One less job for you to do. We deliver, set up, and remove the AV equipment for you, leaving you time and space to focus on your exhibition stand.

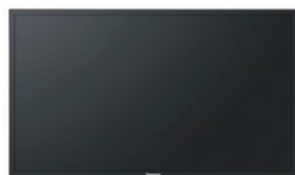

TECHNICAL ASSISTANCE: We are onsite to stop by if you need a hand with technical assistance
